Copper, which was moved up on the strength of the higher price for the metal. While the

advance in the metal is regarded as wholly

manipulative it is said to have induced con-

sumers to increase their purchases by exciting

fear that they would have to pay still more

for supplies hereafter. There was another

sharp rise in National Lead, which was con-

strued as indicating that the deal whereby the

Lead Company would be carried through. The trading in the United States Steel issues was

of fair proportions, but the changes in their

quotations were inconsequential. The state-

and New-Orleans and the possibility of ship-

ment of gold to Argentina as well as to Mexico,

it does not follow that there is to be a re-

currence of tension in money. On the contrary,

the prospect is that the tendency in general will

be toward relaxation. As a whole, the trend

of currency is heavily in the direction of New-

York and the other important money centres.

In other words, while there are some losses of

money, the movement of funds is altogether in

favor of the money centres. The transmission

of cash to San Francisco is supposed to be in

connection with payments for supplies for the

Japanese government, and therefore constitutes

a special matter. The cash that is being sent

to New-Orleans is to care for the cotton yield

in the section tributary to that point, the

handling of this particular cotton having been

delayed by yellow fever. Requirements of cash

If gold is to be forwarded from New-York

to Argentina, it will not be an affair of great

consequence. While the shipments may drag

along for a spell, they will probably be indi-

vidually moderate and in their aggregate will

not be imposing. The gold transmitted will

instead of from the United States. It is said

that the gold will be employed to pay obliga-

tions of Berlin in Argentina. If that is the

case, the procedure will be unusual but not

especially remarkable. Berlin will draw its

bills of exchange on London and with these

bills, will purchase in New-York gold for con-

signment to Argentina. This would be a quad-

rangular operation that is rendered feasible by the somewhat extraordinary conditions prevail-

STOCKS.

4.350 Total sales. WALL STREET AND EXCHANGES.

FOREIGN TRADING .- Foreign houses dealt in spward of 20,000 shares in the local market, selling 5,000 shares on balance. The heaviest selling was in Missouri, Kansas and Texas. In London money was in fair demand. Consols were higher at an advance of 14c, but Russlan bonds were lower. Copper stocks were heavy. MARKET GOSSIP.-People's Gas was talked of

for a rise. It was reported that some understand-ing had been reached with the municipal authori-

ties in Chicago which would prove satisfactory to the company. The strength in Brooklyn Rapid Transit brought out rumors of a coming consolida-tion with Metropolitan Street Railway. No authentic information on this point was obtainable. The railroad issues advanced on more favorable traffic statements, Reading being the only exception. The pool in this stock is understood to be still engaged in taking profits. The official announcement that St. Paul would build to the coast was accompanied by what was considered good buying of the stock. Railroad men generally are Japanese new 4s improved 4. understood to look upon this extension as a favorable development. Copper was exceedingly strong on expectations of a further advance in the metal. The general talk in the Street is that this stock is good for par. Traders were inclined to even up, in view of the holiday to-morrow, and the professionals generally were disinclined to make new commitments, in view of the fact that Congress will meet next week. The Gates following is understood to have realized profits in the Southern fron issues, but it is maintained that the move in these shares is not yet over. A tip said to have originated in the Gates office was circulated to the effect that Republic Iron and Steel preferred would be marked up. The equipment issues showed great strength after a period of inactivity. Speculation in these stocks was stimulated by the continued heavy demand for equipment. Traders reported that the market was honeycombed with stop loss orders which they were trying to reach. These attempts were not, however, generally successful. The low price of Tennessee Coal and Iron was made by the specialist in the stock on the execution of stop loss orders. Brokers who tried to execute orders in this issue found no market for the stock, but later on support was rushed in and there was a sharp recovery from the low.

DELAWARE AND HUDSON AND UNITED TRACTION COMPANY OF ALBANY. The offer made in the interest of the Delaware and Hudson Company to the stockholders of the United Traction Company of Albany to purchase their stock at \$150 a share met with practically unanimous acceptance. Advices from Albany are to the effect that more than 39 per cent of the total \$5,000,000 outstanding stock has been deposited within the time limit, which expired yesterday. This will involve the issuance of the total amount of new securities provided for the financing of this operation, and which were recently purchased by Speyer & Co. and the National Commercial Bank of Al-bany, namely, \$5,000,000 4 per cent guaranteed preferred stock and \$2,500,000 3% per cent guaranteed debentures.

| C. C. F. S. & M. pf | Keok & Des M. | G. S. CANADIAN PACIFIC EARNINGS.-The October earnings of the Canadian Pacific Company increased in gross \$978,805 and in not \$707,967. earnings of the road have shown most remarkable gains in the last few weeks, and the increase is particularly significant, in view of the fact that comparison is made with a period a year ago, when traffic receipts were unusually heavy. The interests who have been behind the movement in Canadian Pacific stock in the last few months have not sold their holdings, and they are now predicting a price of 200 or more for the security before many months go by.

TRUST COMPANIES ASSOCIATION - The Trust Companies Association of the State of New-York will hold its annual meeting in this city on December 15. George W. Young is the president of the association, and its other officers are: presidents, Otto T. Bannard, Theodore F. Miller and Grange Sard; treasurer, Edward Johnson; secretary, O. F. Gubelman; executive committee, John E. Borne, Henry C. Deming, Julian D. Fairchild, E O. McNair, Levi P. Morton, William Nottingham, Frederick P. Olcott, George H. Southard and Seymour Van Santvoord. Under the constitution of the association no officer is permitted to sucseed himself, so that new officials will be chosen throughout. In the evening George W. Young, the retiring president, will entertain the presidents of the trust companies of the State, as well as many prominent bankers, at the Hotel St. Regis, on which occasion addresses will be made by speakers of national reputation. NEW-YORK CENTRAL PASSENGER AGENT'S

SECRETARY .- C. J. Laing, who for the last eight years has been acting as the private secretary George H. Daniels, general passenger agent of the New-York Central lines, will, on Friday next, when Charles F. Daly, at present passenger traffic man-ager of the New-York Central lines west of Buffalo, and who recently was appointed passenger traffic manager of the lines east of Buffalo, with headquarters in this city, assume this same posttion as private secretary to Mr. Daly. Mr. Laing has been identified with the New-York Central Railroad for the last seventeen years, filling various positions creditably. BANKS LOSE MONEY .- Since last Friday the

local banks have lost on their operations with the Sub-Treasury upward of \$4,000,000. The chances are that the bank statement, which will be issued on Saturday, will show a reduction in cash, but it is likely that the Clearing House institutions will be able to reduce their loans to an extent which

were clearly profitable on an ordinary creme,
